## PARENT SUCCESS AND RESPONSIBILITY CONTRACT

The teachers and staff at Venture believe that a **close working partnership with parents is the key to each student's success**. Students, whose parents are actively involved with their education, perform much better than students whose parents are not involved in the education process. With this in mind the teachers and staff at Venture High School ask that all parents make a determined effort to keep aware of their student's school activities.

Additionally, the teachers and staff at the Venture High School are always willing to provide reports of student's performance and progress anytime a parent may request it.

Parents are reminded that Venture High School is a school of choice and that transportation to and from school remains the sole responsibility of the student and his/her parents. Parents whose students are not able to drive themselves to and from Venture High School must accept the responsibility for delivering their students to Venture on time and must make their own arrangements for picking up their student at the end of the school day.
